

Principal Letter and Notice to Parents (June)

26th May 2022

Dear Parents / Guardians,

The 5th wave attack of COVID-19 has offered me a reflection on “lifelong learning”. Parents and teachers are not necessarily experts on subject knowledge. Instead, staying humble and hungry for new things could make us sensitive to the kids' actual needs. Technology is one of the ever-renewing things that we would better embrace. Since the release of the first iPad in 2010, learning and teaching in the classroom have been changed. The mentality of e-learning has even sprinted forward at a breakneck pace during the outbreak of the pandemic. Living in an era of new knowledge flooding, both the kids and the teachers are lifelong learners. Yet, compared with technology, the knowledge of the Lord is the real essence that both parents and teachers need to possess. "All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the servant of God may be thoroughly equipped for every good work. 2 Timothy 3:16-17." We can't foresee what kind of technology the kids should be prepared for their digital future, but I'm sure the word of the Lord can equip them for every good deeds. Half-day schooling has been resumed for several weeks, and the school is keeping an eye on both the kids' learning motivation and their growth in other dimensions. I believe, for which only the wisdom from the Bible can provide us a relief.

The Resumption of Half-day Schooling

Along with the half-day schooling, many co-curricular activities could be resumed. I look forward to a higher percentage of vaccination among the kids so that their 360° school life could be back earlier. We are collecting students' intentions on vaccination to facilitate better planning for our learning activities. If you plan to let your kids get vaccinated, please take prompt action. But if you are struggling if your kids should be vaccinated, I encourage you to get advice from your family doctor first. The school will NOT push the kids to get vaccinated. I would also like to urge the kids to have their vaccination record, exemption certificate, or recovery record well managed. The reason here is that for some learning events only the kids who have been vaccinated are allowed to take part in.

Upcoming events for Parents

We grasp every opportunity to enhance mutual understanding between parents and teachers on the growth of our kids. Please reserve time for the following two events.

Parents' talk for subject selection (Form 3 Parents only) will be held in the evening of 2nd June 2022 (Thursday). A school notice will be issued to F.3 parents on the details.

The 2nd Parents' Day will be held on 11th June 2022 (Saturday). It was traditionally a time to conclude or judge the value of the kids with their examination performance. Yet, we prefer to treat it as a planning time so that parents, teachers, and the kids can formulate together their unique study plans for the coming final examination in July. The kids' performance in their previous assessment with a well-designed self-reflection worksheet will be given to the kids in advance, and the worksheet will be discussed on Parents' Day. The meeting will be basically conducted in face-to-face. Detailed arrangements will be announced in another corresponding school notice.

Feedback and prayer request

I would love to hear from you if you have any feedback regarding the development of the school and our daily operation, or if you have any prayer requests, please send an email to nhy@henrietta.edu.hk. As the Father's Day is coming, I would like to extend the festival greetings to you and your beloved family. I hope that the joy and love from the Lord fill you and your family.

Yours faithfully,
Mr. Kenneth H. Ng

**Henrietta Secondary School
Notice to Parents (June)**

26th May 2022

Dear Parents / Guardians,

This letter is to inform you about our School's operations, and your child's life in school in order to facilitate our school teaching and activities. Please note the following five items.

1. The Latest Anti-Epidemic Measures and Arrangements
2. Parents' Day (11th June 2022, Saturday)
3. 2021-2022 PPS Payments
4. Classroom Learning Award Scheme
5. Important Dates for School Events / Activities

Thank you for your kind attention.

Yours sincerely,

Kenneth H. Ng

Mr. Kenneth H. Ng
Principal

Dear Principal,

I have been clearly informed of the five items listed in the Notice to Parents (June) and have invited my son / daughter to take appropriate action.

Student Name: _____

Class: _____

Parent / Guardian's Signature: _____

Date: _____

Henrietta Secondary School

Notice to Parents (June)

1. Latest Anti-Epidemic Measures and Arrangements

No. 326 / 21

In view of the latest developments of the epidemic and the recent further relaxation of social distancing measures by the Government, please take note of the following anti-epidemic measures from the Education Bureau (EDB) announced on 19th May 2022 (Thursday).

- i. Before coming back to school, the arrangements for the daily practice of Rapid Antigen Test (RAT) for students will be sustained until the late of June.
- ii. If there are activities held outside the campus, please be aware of the arrangements of the “Vaccine Pass” of different venues. Students should abide by the corresponding guidelines (if any) and requirements (including the restricted total number of people entering and also the arrangements of the “Vaccine Pass”).
- iii. Students must not return to school upon the positive results of the Rapid Antigen Tests. Parents must also notify the School Office. For the siblings who are living with that student concerned, he / she should also stay at home. Parents should also notify the corresponding school.
- iv. Parents may take reference of this website, when they are looking for the “Rapid Test Kits”. <https://www.coronavirus.gov.hk/rat/chi/rat.html>
- v. For students who are subject to the Compulsory Testing under the Ordinances, he / she must conduct the testing in the specified dates accordingly. (including compulsory testing for more than once) They must undergo the nucleic acid test as required in the Notice. While waiting for the results, students should conduct the Rapid Antigen Test. They are allowed to return to school for a negative result (including the date of undergoing the testing). Students must be able to show their corresponding proofs (e.g. SMS notifications, the reports for testing / the photos of the Rapid Antigen Test.)

2. Parents' Day

No. 327 / 21

To prepare better for the coming final examinations this July, the School has scheduled the Parent's Day to be held on 11th June 2022 (Saturday), from 8:00 a.m. to 3:00 p.m.

Through this meeting, we believe parents may understand more about the learning progress of our students. Parents may refer to the corresponding Notice to Parents for the time of meeting our Teachers.

The School has implemented the “Vaccine Pass” starting from 24th February 2022.

Unless receiving the permission of exemption, all the visitors to the School (including Parents) must be able to pass the requirements to enter the school campus. For further details, please check: <https://www.coronavirus.gov.hk/chi/vaccine-pass.html>

3. 2021-2022 PPS Payments

No. 328 / 21

The administration fee of the first two transactions was paid by the school (\$2.2 per transaction). From the third transaction onwards, the administration fee will be charged on individual accounts. Class teachers will collect the required amount of money in cash from the students concerned if the PPS account is in deficit. Parents can check the payment details on mobile phones through the eClass App or the eClass learning platform through computer log-in.

4. Classroom Learning Award Scheme

No. 329 / 21

To encourage our students to pay attention and participate actively in class, the “Classroom Learning Award Scheme” is introduced. After the period of the Online Learning, our teachers have nominated two students from each class who have performed well during the lessons. The monthly award for January to April is a cash coupon (\$100) from DONKI Superstore. Special merit will be awarded to the students who have accumulated the most prizes. For the list of students receiving the prizes, please refer to the Chinese Version.

5. Important Dates for School Events / Activities

No. 330 / 21

	Dates	Events / Activities
